

## **Stonewall RPC 22lr Matches For 2023**

### **This Event Is Open To The Public**

Stonewall RPC will be hosting five 22-50 yard and “eggstravaganza” / 22lr matches in 2023 beginning in April. Matches will be held on Sundays at 1:00 pm, please see the Stonewall 2023 Calendar of Events, [www.stonewallrpc.com](http://www.stonewallrpc.com). We are skipping July and August due to the heat. The start time of 1:00 is to give most participants an opportunity to attend church and it has been that time in the past. Snacks will be provided and drinks can be purchased in the club house for \$0.75 each.

**Our purpose is to have a nice relaxed safe shoot with a spirit of friendship and community between all participants. In an effort to try and keep these shoots fun and competitive, the targets below will help to handicap the shooting, just like golf.**

#### **Course Of Fire:**

22-50 Yard Shoot- Due to the difficulty of finding ammunition and the inflated cost, at this time we will be shooting just 1 target with a maximum of 250 points. Cost \$7.

Eggstravaganza – This is a totally separate fun shoot from the 22-50 yard shoot. Each participant will have a maximum of 15 bullets to shoot. The hanging eggs will be placed at 75 yards, 100 yards, 112 yards, 125 yards, 137 yards and 150 yards. Each shooter will be assigned an egg at each distance, shoot that egg and not advance any further until everyone has shot that distance. You cannot advance until you have broken the egg at the assigned distance. The person with the most 22lr bullets at the end or the last one “standing” wins the pot. Cost \$5.

#### **Equipment:**

All shots are fired from the bench using front and rear rests. The front rest may be mechanical. Rear rests are “sand bag” type, not mechanically adjustable. No one piece rests. There is no limit as to the scope on the 22lr rifle

#### **Targets:**

ARA Factory Targets ([Blue Target](#)) - These are colored blue and are for the Approved Factory Rifle List, the list can be found at the end of this document.

Factory class rifles that meet the criteria for factory class according to ARA rules and Stonewall rules for this target, must have any replacement parts be manufactured by the firearm manufacturer. In other words no other modifications to the rifle are allowed including but not limited to re-chambering barrel, adding weight to stock or bipod, adding attachments to the barrel such as a tuner, adding attachments to the stock such as a plate to the forearm or cheek riser and to the butt of the stock.

ARA Unlimited Targets - (Black Target) – These are colored black and is for “Excluded Factory List”, the list can be found at the end of this document. No tuners allowed in this class.

PSL Target – These are colored (**Reddish Target**) and will be used for any 22 rimfire using a “tuner.”

**Scoring:**

Scoring the 50 yard targets will be the bullet hole must cleanly break the line of the higher value to receive the higher value, i.e. there must no visual of the line as checked with a .224 diameter scoring pin and if necessary a magnifying glass. Once the targets are returned to the shooter there will be a 5 minute protest period. Obvious errors can be corrected on the spot. Referees will have the final say. Scorekeepers can not score their own target.

Scoring the “extravaganza” will be very simple, Break The Eggs using the fewest 22lr.

**Disputes:** A shooter may only dispute their own target and no other. Two referees will be assigned for each 50 yard shoot to resolve any issues.

**Tiebreakers:**

First tiebreaker – Number of Xs

Second tiebreaker – Number of 10s completely in the ring without touching the ring.

**Prizes:**

50 yard shoot – Cash prizes will be awarded for 1<sup>st</sup> and 2<sup>nd</sup> place and a possible 3<sup>rd</sup> place depending on the number of shooters.

Eggstravaganza – Cash prizes will awarded for 1<sup>st</sup> and 2<sup>nd</sup> place. and a possible 3<sup>rd</sup> place depending on the number of shooters.+

**Match Cancellation:**

In the event of match cancellation due to inclement weather forecast or inclement weather the morning of the match an email will be sent out to everyone on the match email list. If the weather is questionable the morning of the match check your email or if you are uncertain about making the trip feel free to call me, Jim Hodge, at 804-677-4371. If you don't reach me, leave me a voicemail and I will call you back.
